Leadership: Second Asia Pacific Edition, Andrew J. Dubrin, Carol Dalglish, Peter Miller, Cengage Learning Australia, 2012, 0170227502, 9780170227506. Leadership: 2nd Asia-Pacific Edition offers a balanced approach to the study of leadership, drawing on contemporary Australasian practices and examples along with local and international theory. The text looks at the characteristics of leaders in a wide variety of Asia-Pacific settings: organisations in the private, public and not-for-profit sectors, as well as in politics and in our community. Traditional content, such as charismatic, transformational, contingency and situational theories of leadership, is covered in detail, along with the power, influence, motivation, coaching, communication and team-building aspects of leadership. Contemporary issues, including entrepreneurship, knowledge management, leadership in international contexts, and the importance of ethics and social responsibility, are also extensively covered.
